

14th Student Conference of Experimental Plant Biology

September 7 – 8, 2017

Bratislava, Slovakia

Dear students of experimental plant biology,

We cordially invite you to participate in 14th Student Conference of Experimental Plant Biology, which will be held in September 7 - 8, 2016 in Bratislava. This already traditional conference is a unique opportunity for you to present the results of your research, improve your communication skills, get new ideas and make good friendships. Such kind of event is very important for master and especially doctoral students and their professional career. Therefore, we are looking forward to see you in Bratislava this September.

Marek Vaculík on behalf of conference organizers

Scientific committee:
