

Study requirements control before the final state exam

The modul of study information system "Summary of exam results" - page "Validations" is used to control the fulfilment of study requirements for own use.

From the drop-down menu you need to select the option "all final exam checks", Fig. 1.

The check type "before the state final examination" is the control before the last part of the final state examination and is only functional for programmes where all parts have the same conditions of fulfillment. If it is performed by a student in whose study programme are different conditions for each part of the final state exam, or the order of the state examinations is determined, the check will only count the number of credits.

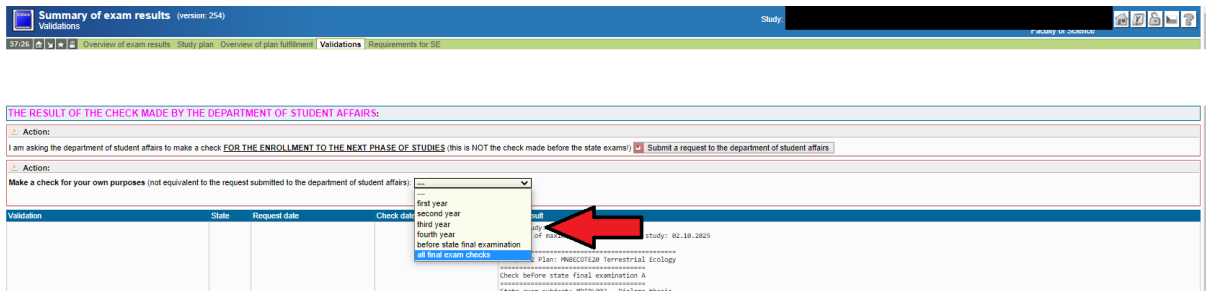

Fig. 1

If there are different conditions for each part of the final state exam, the parts of the final state exam are marked A, B etc. The letter designation has no meaning other than to indicate that the conditions are different. Figure 2 is a control of the plan of the MSc Ecology programme, where the order of the final state exam is not stated, i.e. different conditions for the defence and for the oral parts. All conditions for the every part of final state exam are fulfilled.

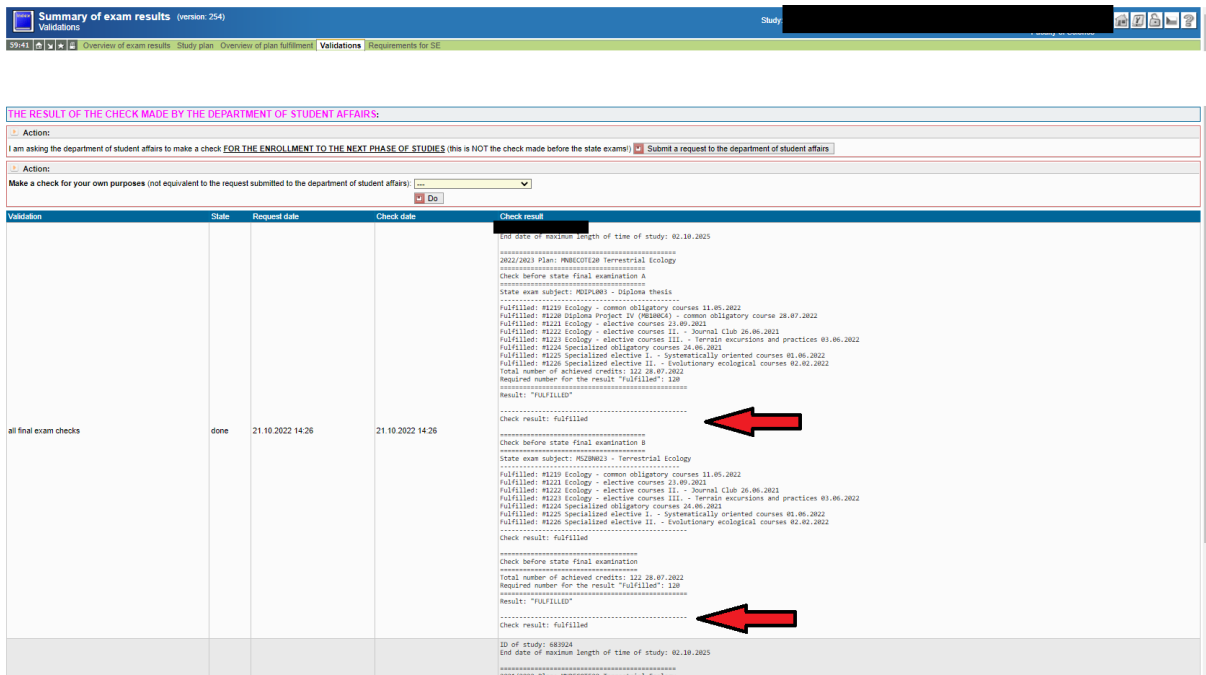

Fig. 2

Figure 3 is a control of the plan of the MSc Immunology programme, where order of the final state exam is not stated. No condition for the final state exam is fulfilled.

Validation	State	Request date	Check date	Check result
all final exam checks	done	24.10.2022 11:37	24.10.2022 19:37	<pre> ID of study: End date of maximum length of time of study: 01.09.2026 2022/2023 Plan: MBS20003 Immunology 21 Check before state final examination A State exam subject: MBS20003 - Diploma thesis FAILED: 83284 General Courses - 0 completed (should have 36) MBS2004 Seminar on Immunology MBS2004 Seminar on Immunology MBS003 Diploma project III MBS2015 Seminar on Immunology MBS2015 Immunology - a practical course MBS2008 Clinical Cases in Immunology MBS2012 Immunology of Infectious Diseases Failed104: 8185 General Elective Courses - 1.28.06.2022 Failed104: 8185 General Elective Courses - 1.28.06.2022 Failed10: 83286 - 0 completed (should have 1) MBS002 Diploma project IV Total number of achieved credits: 57 Required number for the result 'Failed104': 828 Result: 'FAILED' Check result: failed Check before state final examination B State exam subject: MBS20004 - Immunology FAILED: 83284 General Courses - 0 completed (should have 36) MBS2004 Seminar on Immunology MBS2004 Seminar on Immunology MBS003 Diploma project III MBS2015 Seminar on Immunology MBS2015 Immunology - a practical course MBS2008 Clinical Cases in Immunology MBS2012 Immunology of Infectious Diseases Failed104: 8185 General Elective Courses - 1.28.06.2022 Failed104: 8185 General Elective Courses - 1.28.06.2022 Check result: failed Check before state final examination Total number of achieved credits: 57 Required number for the result 'Failed104': 828 Result: 'FAILED' Check result: failed The conditions of the check necessary for admission to all parts of FE have not been met. </pre>
