

PROVISION ISSUED BY THE DEAN

Charles University in Prague, Faculty of Science

No. 08/2011

to ensure the training of students for instruction in the field and instruction in physical education

The head of the Department or Director of the institute which organizes instruction in the field or instruction in physical education (e.g. excursions, exercises in the field, field work, physical education courses and athletic events and other physical education instruction) shall determine the person responsible for the instruction (hereinafter the lead instructor) and his/her representative.

Before commencing the instruction, the lead instructor is required to train participating students in accordance with the "Instructions regarding the obligations of students to comply with work, health and fire safety regulations and to prevent injury during instruction in the field and during physical education instruction" set forth in Appendix No. 1 of this provision.

All students participating in instruction in the field and physical education instruction must be familiar with this provision. This fact is confirmed by the signing of the "Record of training of student obligations during instruction in the field and physical education instruction" (Appendix No. 2), which the lead instructor shall subsequently store for a period of at least 2 years.

I hereby rescind Dean's Order No. 14/2010/336.

This provision is valid and effective upon the date of its issue.

The Department heads and institute directors are responsible for carrying out this provision.

Prague, 10 June 2011

prof. RNDr. Bohuslav Gaš, CSc.
Faculty Dean

The following appendices are an integral part of this provision:

- Appendix No. 1 - Instructions regarding the obligations of students to comply with work, health and fire safety regulations and to prevent injury during instruction in the field and during other physical education instruction.
- Appendix No. 2 - Record of training of student obligations during instruction in the field and instruction in physical education classes and courses
