Děkan Přírodovědecké fakulty Univerzity Karlovy

vypisuje výběrové řízení na obsazení místa:

International Postdoctoral Fellowship - Parasitology/protistology

The Faculty of Science, Charles University (Prague, Czechia) invites applications for a Post-doctoral position in the Biological Section for the project "International Mobility of Researchers at Charles University" with reg. number CZ.02.2.69/0.0/0.0/16_027/0008495 co-financed by OP RDE.

The position is open for researchers focused on parasitology/protistology. The research will cover molecular and biochemical mechanisms of intercellular interactions of eukaryotic microorganisms and host-parasite relationships. In addition, phylogenetic and phylogenomic analyses of evolution of epidemiologically important pathogens and/or biotechnologically attractive microorganisms may also be studied. The research will include both laboratory (or field) work as well as computational data analysis.

Eligibility criteria:

- Ph.D. or other appropriate level 8 ISCED (International Standard Classification of Education) qualification completed within the last seven years.
- The applicant must have resided outside the Czech Republic at least for 2 of the last 3 years.
- The applicant must have had at least 2 published, peer-reviewed research outputs in the last 3 years.
- All research activities will be conducted in English; knowledge of the Czech language is not required.

Selection process:

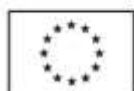

Selection will be based on the relevance of candidates' professional interests and experience, excellence in research achievements and the quality of the submitted research proposal.

Position duration, starting date and remuneration:

The position tenure is 15 months, starting on July 1, 2018 and ending on September 30, 2019. The gross monthly salary is 62,222 CZK (circa 2,437 EUR) including health insurance and social insurance coverage. The job status is full-time - 40 hours per week.

Required application materials:

- Cover letter including a personal statement of research interests
- Curriculum vitae with the list of publications
- Research proposal (circa two pages long)
- Two letters of recommendation stating referees' contact information
- Letter of support from the Lead Researcher at the host Department of the Faculty of Science.
