Děkan Přírodovědecké fakulty Univerzity Karlovy

vypisuje výběrové řízení na obsazení místa:

International Postdoctoral Fellowship - Synthesis and characterization of cyclodextrin fluorescent derivatives

The Faculty of Science, Charles University (Prague, Czechia) invites applications for a Post-doctoral position in the Chemical Section for the project "International Mobility of Researchers at Charles University" with reg. number CZ.02.2.69/0.0/0.0/16_027/0008495 co-financed by OP RDE.

The position is open for researchers with experience in the areas – synthesis of cyclodextrin derivatives and characterization of their supramolecular properties; fluorescence spectroscopy of organic compounds; fluorescence chemosensors on solid surface.

Eligibility criteria:

- Ph.D. or other appropriate level 8 ISCED (International Standard Classification of Education) qualification completed within the last seven years.
- The applicant must have resided outside the Czech Republic at least for 2 of the last 3 years.
- The applicant must have had at least 2 published, peer-reviewed research outputs in the last 3 years.
- All research activities will be conducted in English; knowledge of the Czech language is not required.

Selection process:

Selection will be based on the relevance of candidates' professional interests and experience, excellence in research achievements.

Position duration, starting date and remuneration:

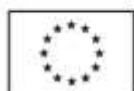

The position tenure is 12 months, starting on August 1, 2018 and ending on July 31, 2019. The gross monthly salary is 62,222 CZK (circa 2,437 EUR) including health insurance and social insurance coverage. The job status is full-time - 40 hours per week.

Required application materials:

- Cover letter including a personal statement of research interests
- Curriculum vitae with the list of publications
- Two letters of recommendation stating referees' contact information.

How to submit application materials:

Please email required application materials to the project coordinator, Ms. Radka Kotackova: radka.kotackova@natur.cuni.cz, Faculty of Science, Charles University, Prague.
