**Dean of the Faculty of Science, Charles University  
invites applications for the following academic position:**

**DEPARTMENT OF BIOCHEMISTRY**

**with anticipated starting date of employment on January 1<sup>st</sup> 2023**

- research in the field of biochemistry within the project International Postdoctoral Fellowship Native mass spectrometry and Protein Structural Biology

*Qualifications:*

- *Ph.D. or other appropriate level 8 ISCED (International Standard Classification of Education) qualification completed within the last seven years*
- *all research activities will be conducted in English; knowledge of the Czech language is not required*

**Specification:**

The project OP RDE, Call No. 02\_18\_053 “International mobility of research, technical and administrative workers of research organizations”. The position is open for researchers with experience in the area of protein mass spectrometry and/or protein structural biology. Eligibility criteria: Ph.D. or other appropriate level 8 ISCED (International Standard Classification of Education) qualification completed within the last seven years.

**More abilities:**

The applicant must have worked outside Czechia at least for 2 years of the last 3 years in the field of research with the workload at least 0.5 or have been a PhD. student abroad.

The applicant must have had at least 2 published, peer-reviewed research outputs in the last 3 years. Outputs must be registered in the Thomson Reuters Web of Science, Scopus or ERIH PLUS database as “article”, “book”, “book chapter”, “letter” or “review.”

Candidate must have at least 2 years’ experience with protein mass spectrometry or with protein structural biology techniques such as recombinant protein production in mammalian cell lines, single-molecule localization/super-resolution microscopy, or biophysical characterization of proteins and protein-protein interactions.

**Required application materials:**

Cover letter including a personal statement of research interests, Curriculum vitae with the list of publications highlighting those providing an evidence of the experience with protein mass spectrometry or protein structural biology, evidence of education, scientific-pedagogical degrees, scientific degrees.

**Selection process:**

Selection will be based on the relevance of candidates’ professional interests and experience, excellence in research achievements.

**Position duration, starting date and remuneration:**
