

Selected publications – Prof. RNDr. Jan Kalvoda, DrSc.

Selected monographical books and supplementary volumes:

- Balatka B., Kalvoda J. (in print): Vývoj údolí Sázavy v mladším kenozoiku. – Nakladatelství Geografie, Česká geografická společnost, 198 p., 24 obr., 32 foto, 3 tabulky, Praha.
- Goudie A. S., Kalvoda J. (Editors, 2007): Geomorphological variations. – P3K Publishers, 407 p., Prague.
- Balatka B., Kalvoda J. (2006): Geomorfologické členění reliéfu Čech. Geomorphological regionalization of the relief of Bohemia. – Kartografie Praha a.s., 79 p., 3 maps, Prague.
- Drbohlav D., Kalvoda J., Voženílek V. (Editors, 2004): Czech Geography at the Dawn of the Millenium. (IGU, Glasgow 2004), Nakl. Univ. Palackého, 428 p., Olomouc.
- Kalvoda J. (Editor, 2003): Global change in geomorphology. – Acta Univ. Carol., Geogr., XXXV, Suppl. 2000, 262 p., Praha.
- Kalvoda J., Rosenfeld Ch. (Editor, 1998): Geomorphological Hazards in High Mountain Areas. – The GeoJournal Library, Vol. 46, Kluwer Academic Publishers, 314 p., Dordrecht, Boston, London.
- Kalvoda J. (1992): Geomorphological Record of the Quaternary Orogeny in the Himalaya and the Karakoram. – In: Development in Earth Surface Processes, 3, 315 p. and 4 encl., Elsevier, Amsterdam.
- Kalvoda J. (1985): Geomorphology of the Demaved and some other High Mountains in Asia Minor. – Acta Montana, 69, 110 p., Praha.
- Kalvoda J. (1984): The landforms design in the East Nepal Himalayas. – Rozpr. Čs. Akad. Věd, Ř. mat. přír. Věd, 94, 11, 72 p. and enclosures, Praha.
- Palivcová M., Kalvoda J., Minařík L. (1982): Petrography of the Makalu Massif, Nepal Himalayas. – Rozpr. Čs. Akad. Věd, Ř. mat. přír. Věd, 92, 2, 59 p. and enclosures, Praha.
- Kalvoda J. (1978): Genesis of the Mount Everest (Sagarmatha). – Rozpr. Čs. Akad. Věd, Ř. mat. přír. Věd, 88, 2, 62 p. and enclosures, Praha.
- Jaroš J., Kalvoda J. (1978): Geological structure of the Himalayas, Mt. Everest – Makalu section. – Rozpr. Čs. Akad. Věd, Ř. mat. přír. Věd, 88, 1, 69 p. and enclosures, Praha.
- Kalvoda J. (1976): The relief of the Himalayas and its recent modellation. – Rozpr. Čs. Akad. Věd, Ř. mat. přír. Věd, 86, 1, 52 p. and enclosures, Praha.

Selected publications, 2009 – 1991:

- Klokočník J., Kalvoda J., Kostecký J. (in progress): Comparison of morphogenetic features of the Nepal Himalaya with the Earth Gravitational Model 08. – Studia Geophysica et Geodetica, 11 p. and 8 figures, Prague.
- Balatka B., Kalvoda J. (v přípravě do tisku): Kvartérní terasy řeky Želivky. – Geografie – Sborník České geografické společnosti, 15 p., 1 tabulka, 5 obrázků, Praha.

- Kalvoda J., Klokočník J, Kostelecký J. (in progress): Regional correlation of the Earth Gravitational Model 08 with morphogenetic patterns of the Nepal Himalaya. – Acta Universitatis Carolinae, Geographica, 29 p. (including 16 figs), Prague.
- Balatka B., Gibbard P., Kalvoda J. (in progress): Morphostratigraphy of the Sázava river terraces in the Bohemian Massif. – Acta Universitatis Carolinae, Geographica, 30 p., 1 table, 5 figs, 6 photos, Prague.
- Balatka B., Gibbard P., Kalvoda J. (in progress): Evolution of the Sázava valley in the Bohemian Massif. – Geomorphologia Slovaca et Bohemica, AV SR, 27 p., 2 tables, 8 figures, 6 photos, Bratislava.
- Vilímek V., Zvelebil J., Kalvoda J., Šíma J. (in print): Landslide field research and capacity building through international collaboration. – Landslides, 12 p. and enclosures, Elsevier, Amsterdam.
- Kalvoda J., Košler J., Svojtka M. (in print): Landform evolution of the Makalu – Barun region in the East Nepal Himalaya. – GeoJournal Vol. “Tibet and High Asia, VIII”, Edited by M. Kuhle, Spinger Acad. Publ., 22 p., 8 figures.
- Balatka B., Kalvoda J. (2008): Evolution of Quaternary river terraces related to the uplift of the central part of the Bohemian Massif. – Geografie – Sborník České geografické společnosti, 113, 3, 205 – 222, Praha.
- Kalvoda, J. (2007): Dynamics of landform evolution in the Makalu – Barun region, Nepal Himalaya. – Geografický časopis (Bratislava), 59, 2, 85–106.
- Goudie A. S., Kalvoda J. (2007): Variable faces of present-day geomorphology. – In: A. S. Goudie, J. Kalvoda (Eds): Geomorphological variations. P3K Publishers, 407 p., 11 – 17, Prague.
- Kalvoda J., Goudie A. S. (2007): Landform evolution in the Nagar region. – In: A. S. Goudie, J. Kalvoda (Eds): Geomorphological variations. P3K Publishers, 407 p., 87 – 126, Prague.
- Carr S., Engel Z., Kalvoda J., Parker A. (2007): Towards a revised model of Quaternary mountain glaciation in the Krkonoše Mountains, Czech Republic. – In: A. S. Goudie, J. Kalvoda (Eds): Geomorphological variations. P3K Publishers, 407 p., 253 – 268, Prague.
- Kalvoda J. (2007): Morphostructural evolution of the relief in the locality of the Geodynamic Observatory at Pecný, the Ondřejovská vrchovina Highland, Czech Republic. – In: A. S. Goudie, J. Kalvoda (Eds): Geomorphological variations. P3K Publishers, 407 p., 387 – 407, Prague.
- Kalvoda J. (2007): Rapid fluvial processes in the Late Quaternary. – In: J. Langhammer (Ed.): Změny v krajině a povodňové riziko. Sborník příspěvků semináře “Povodně a změny v krajině”, PřF UK, 5. 6. 2007, 251 p., 17 – 28, Praha.
- Kalvoda J. (2007): Dynamics of glacial and periglacial processes as evidence of global change. – Acta Universitatis Carolinae, Geographica, XL (2005), 1 – 2, 69 – 88, Prague.
- Nikonov A. A., Kalvoda J. (2006): Recent morphotectonic movements of the Vakhsh nappe in the northern Pamirs. – Geomorphologia Slovaca, 6, 1, 23 – 35, Bratislava.
- Vaníčková E., Kalvoda J. (2006): Geomorphology of the Divoká Orlice valley in the Zemská brána Gate area, the Orlické hory Mountains, Czech Republic. – Geomorphologia Slovaca, 6, 1, 36 – 44, Bratislava.

- Kalvoda J. (2006): Geomorfologie ve výzkumných záměrech Přírodovědecké fakulty Univerzity Karlovy v Praze a Výzkumném centru dynamiky Země. – Geomorfologický sborník, 5, 327 p., 88 – 93, Olomouc.
- Kalvoda J., Nikonov A. A. (2006): Recentní morfotektonika Vachšského příkrovu v severním Pamíru. – Geomorfologický sborník, 5, 327 p., 94 – 99, Olomouc.
- Kalvoda J., Balatka B. (2006): Morfostrukturní vývoj reliéfu české části Českého masivu. Morphostructural evolution of the relief of the Bohemian part of the Český masiv Massif. – In: B. Balatka, J. Kalvoda (2006): Geomorfologické členění reliéfu Čech. – Kartografie Praha a.s., 79 p., 5 – 12, Prague.
- Kalvoda (2006): Geomorfologie ve Výzkumném centru dynamiky Země a výzkumných záměrech Přírodovědecké fakulty Univerzity Karlovy v Praze. Geomorphology in the Research Centre for Earth Dynamics and in research projects of the Faculty of Science, Charles University in Prague. In: B. Balatka, J. Kalvoda (2006): Geomorfologické členění reliéfu Čech. – Kartografie Praha a.s., 79 p., 23 – 32, Prague.
- Braucher R., Kalvoda J., Boulès D., Brown E., Engel Z., Mercier J.-L. (2006): Late pleistocene deglaciation in the Vosges and the Krkonoše Mountains: correlation of cosmogenic ¹⁰Be exposure ages. – Geografický časopis, 58, 1, 3 – 14, Bratislava.
- Demek J., Kalvoda J., Kirchner K., Vilímek V. (2006): Geomorphological aspects of natural hazards and risks in the Czech Republic. – Studia Geomorphologica Carpatho-Balcanica, Vol. XL, 145 p., 79 – 92, Kraków.
- Kalvoda J., Minár J. (2006): Prologue: progress in methods of geomorphological research. – Geomorphologia Slovaca, 6, 1, 5 – 7, Bratislava.
- Vaníčková E., Kalvoda J. (2006): Geomorfologický vývoj údolí Divoké Orlice v oblasti Zemské brány, Orlické hory. – Geomorfologický sborník, 5, 327 p., 300 – 305, Olomouc.
- Kalvoda J. (2005): Morfostrukturní vývoj reliéfu locality GOPE v Ondřejovské vrchovině. – Geomorfologický sborník, 4, 170 p., 33 – 36, České Budějovice.
- Kalvoda J., Goudie A. S. (2005): Geomorfologické procesy v Hunza Karákóram. – Geomorfologický sborník, 4, 170 p., 137 – 140, České Budějovice.
- Kostecký J., Vondrák J., Zeman A., Kalvoda J., Schenk V. (2005): Center for Earth's dynamic research (CEDR) – results of five years activity. – Reports on Geodesy, Spec. No. EGU G9, Warsaw University of Technology, 73, 2, 67 – 83, Warsaw.
- Boulès D. L., Braucher R., Engel Z., Kalvoda J., Mercier J.-L. (2004): Deglaciation of the Giant Mountains indicated by ¹⁰Be dating. – In: Drbohlav D., Kalvoda J., Voženílek V. (eds): Czech Geography at the Dawn of the Millenium. (IGU, Glasgow 2004), Nakl. Univerzity Palackého, 428 p., 25 – 39, Olomouc.
- Kalvoda J., Kostecký J. jr., Kostecký J. (2004): Geodynamic influences on the changes of position of the permanent GPS stations in Central Europe. – In: Drbohlav D., Kalvoda J., Voženílek V. (eds): Czech Geography at the Dawn of the Millenium. (IGU, Glasgow 2004), Nakl. Univerzity Palackého, 428 p., 113 – 123, Olomouc.
- Drbohlav D., Kalvoda J., Voženílek V. (2004): Frontiers of Czech geography. – In: Drbohlav D., Kalvoda J., Voženílek V. (eds): Czech Geography at the Dawn of the Millenium. (IGU, Glasgow 2004), Nakl. Univerzity Palackého, 428 p., 413 – 421, Olomouc.

- Kalvoda J. (2004): Activities of Czech Geomorphologists in the Research Centre for Earth Dynamics. – In: M. Panizza: International Association of Geomorphologists. – Geomorphology, 66, Issues 1 – 4, 385 – 388, (386 – 387), Elsevier, Amsterdam.
- Goudie J., Kalvoda J. (2004): Recent geomorphological processes in the Nagar region, Hunza Karakoram. – Acta Univ. Carol., Geographica, XXXIX, 1, 188 p., 135 – 148, Praha.
- Kalvoda J., Košler J., Svojtka M. (2004): Morphotectonic evidence for chronodynamics of uplift in the Eastern Nepal Himalayas. – Acta Univ. Carol., Geographica, XXXIX, 1, 188 p., 149 – 162, Praha.
- Kalvoda J. (ed., 2003): Global change in geomorphology. – Acta Univ. Carol., Geogr., XXXV, Suppl. 2000, 262 p., Praha.
- Kalvoda J. (2003): Limits of global change of the cosmological environment since the origin of the Earth. – Acta Univ. Carol., Geogr., XXXV, Suppl. 2000, 225 – 238, Praha.
- Mercier J.-L., Bourlès D. L., Kalvoda J., Engel Z., Braucher R. (2003): Preliminary results of ^{10}Be dating of glacial landscape in the Giant Mountains. – Acta Univ. Carol., Geogr., XXXV, Suppl. 2000, 157 – 170, Praha.
- Carr S., Engel Z., Kalvoda J., Parker A. (2002): Sedimentary evidence for extensive glaciation of the Úpa Valley, Krkonoše Mountains, Czech Republic. – Z. Geomorphol., N. F., 46, 4, 523 – 537, Berlin, Stuttgart.
- Engel Z., Kalvoda J. (2002): Morphostructural development of the sandstone relief in the Bohemian Cretaceous Basin. – In: R. Příkryl, H. A. Viles (Eds.): Understanding and managing stone decay. SWAPNET 2001, 225 – 231, 367 p., Prague.
- Engel Z., Kalvoda J. (2002): Report on research of the Pleistocene glaciation in the Krkonoše Mountains. – In: V. Schenk, Z. Schenková: Recent geodynamics of the Sudety Mts. and adjacent areas. Acta Montana, 20 (124), Ser. A, Geodynamics, IRSM AS CR, 67 – 74, Praha.
- Kalvoda J. (2002): Glacial and periglacial processes. – In: V. Cílek, R. H. Smith: Earth System: History and Natural Variability. Encyclopedia of Life Support Systems (EOLSS), EOLSS Publishers, Oxford, U. K. (EOLSS Online: <http://www.eolss.net>)
- Mercier J.-L., Bourlès D. L., Kalvoda J., Engel Z., Braucher R. (2002): Report on radiometric ^{10}Be dating of glacial and periglacial landforms in the Giant Mountains. – Opera Corcontica, 39, 169 – 174, Praha.
- Kalvoda J. (2001): Progress in Physical Geography. – Acta Univ. Carol., Geographica, XXXVI, 2, 29 - 47, Praha.
- Mercier J.-L., Bourlès D. L., Kalvoda J., Braucher R., Paschen A. (2001): Radiometrické datování konce zalednění Vogéz metodou ^{10}Be . – In: A. Létal, Z. Szczyzba, M. Vysoudil (Eds.): Česká geografie v období rozvoje informačních technologií. – Sborník příspěvků Výroční konference České geografické společnosti, VUP, 161 – 168, Olomouc.
- Kalvoda J. (2001): Katedra fyzické geografie a geoekologie. Department of physical geography and geocology. – Univerzita Karlova v Praze, Přírodovědecká fakulta, Ročenka 2000. Charles University in Prague, Faculty of Science, Annual Report 2000, Nakl. Karolinum, 194 p., 128 – 133, Praha.
